Marc H Weber | CV

Geographer

Corvallis, Oregon
mhweber.github.io
weber.marc@epa.gov

Summary

I'm a geographer with the US EPA. My research interests include spatial analysis in R and Python, Geographic Information Science (GIS), aquatic ecology, remote sensing, open source science and environmental modeling.

Employment

Geographer - US Environmental Protection Agency- Corvallis, Oregon — June 2008 - Present

- Provide geospatial support for the EPA National Aquatic Resource Surveys (NARS)
- Develop spatial approaches to produce national predictive models and maps of watershed integrity and aquatic condition
- Process landscape data for spatial designs and modeling using libraries in Python and R and ArcGIS
- Generate hydrologic analyses using the National Hydrography Dataset Plus (NHDPlus) as well as help develop the future direction of the National Hydrography Dataset as part of the interagency 3D Hydrography Working Group
- Develop national scale geospatial products such as StreamCat and LakeCat - datasets of national scale watershed characteristics
- Produce R packages such as StreamCatTools and spsurvey for applying data and methods to aquatic resources work

Instructor, GIS Certificate Program - University of Washington- Seattle, WA — Jan 2023 - Present

- Instructor for GIS Project Planning course and GIS in the Pacific Northwest course for GIS certificate program
- Design and deliver lectures focused on project planning for GIS, GIS technology, and trends in the GIS profession
- Mentor GIS certificate student programs in developing skills to enter the GIS workforce

GIS Specialist - U.S. Forest Service, Rocky Mountain Research Station Fire Sciences Lab- Missoula, MT — June 2005 - May 2008

- Worked on the USFS Landfire program on the fire regimes team
- Ran and modified fire / landscape simulation models (LANDSUM, VDDT)
- Processed spatial data using scripting languages (Python and AML), and performed advanced spatial analysis on fire and fuels data using SQL, Python, VBA, and R
- Processed raster data using map algebra for analysis of national fire and fuels mapping products
- Interacted and worked closely with personnel from partner agencies such as USGS EROS data center and the Nature Conservancy

Biologist - U.S. Forest Service, Rocky Mountain Research Station Fire Sciences Lab- Missoula, MT — May 2003 - June 2005

- Managed research project examining historical fire regimes in Utah
- Planned and located research plots and gathered field measurements using increment borers, chainsaws, gps units and laser rangefinders
- Applied dendrochonology techniques using software such as COFECHA and FHX2 for dating fire-scarred samples
- Processed, summarized, analyzed data and prepared reports on fire history data collected
- Performed spatial analysis and map production using ArcMap software and AML scripts
- Performed statistical analyses on data using SAS and R

Ecologist - U.S. Forest Service, Pacific Northwest Research Station Forestry Sciences Lab- Portland, OR — June 2001 - April 2003

- Supervised field crew for the Forest Inventory and Analysis (FIA) program
- Prepared field methods and summarized data
- Performed database development in Access and Oracle of inventory plot data
- Used advanced photo interpretation, plant identification, and forest pathogen identification skills
- Applied expertise with laser rangefinder, GPS, data logger, increment borer, and clinometer
- Prepared plot maps and performed spatial queries using ArcGIS, helped model forest mortality from plot data as part of a pilot study

Instructor - Portland Community College- Portland, OR — September 2000 - May 2003

- Taught two geography field courses each term, one on Mt. St. Helens and one on the Oregon High Desert
- Delivered day-long courses focusing on geography and natural history of the areas
- Developed course curriculum, supervised approximately 50 community college students on day long field classes, and graded student papers

Assistant Editor - Himalayan Research Bulletin, Portland State University- Portland, OR — September 1999 - May 2001

- Managed layout and editing of international journal on geographic and cultural research on the Himalayas
- Performed journal layout using Adobe Pagemaker, Adobe Photoshop, and Adobe Illustrator software
- Performed general office management tasks such as updating membership, correspondence, billing and mailing

Research Assistant - Portland State University Department of Geography- Portland, OR — June 1999 - September 1999

- Assisted in research project on tree-islands (kipukas) in lava flows at Newbarry Crater National Monument, examining fire history and insect outbreaks
- Collected tree increment cores, identified plants using plant keys, and measured fuel loading on sample plots

Education

Portland, OR - Portland State University- MS in Geography — 2001

- **Advisor**: Dr. Keith Hadley
- **Committee**: Barbara Brower, Andrew Fountain, Peter Frenzen, Robert Tinnin
- **Title**: Patterns in Forest Succession and Mortality Following Burial by Mudflow at Cedar Flats, Mount St. Helens, Washington

Eugene, OR - University of Oregon- BA in English 1988-1992

- Robert D. Clark Honors College
- **Minor**: Environmental Studies

Workshops Taught

StreamCat and LakeCat: Landscape Characteristics for Rivers and Lakes for the Conterminous US - - Research Triangle Park, NC April 2024

Development of the StreamCat API for the National Monitoring Conference - - Virginia Beach, VA April 2023

R Spatial Workshop for EPA R User Group Annual Meeting - - Virtual September 2018

R and Python Tools for Geospatial Water Applications for the AWRA Spring Specialty Conference - - Austin, TX May 2022

R Spatial Workshop for EPA R User Group Annual Meeting - - Research Triangle Park, NC Septermber 2018

Earth Engine Tutorial for the EPA Pacific Ecological Sciences Division - - Corvallis, OR November 2019

R and Spatial Data for the AWRA Spring Specialty Conference - - Orlando, FL April 2018

R Fundamentals for Spatial Data and Advanced Visualization Techniques - - Portland, OR April 2017

R for Spatial Analysis for the EPA Pacific Ecological Sciences Division - - Newport, OR June 2013

Awards

US EPA PESD Division Honor Award - 2024

US EPA Mason Hewitt Award for Excellence in GIS for StreamCat / LakeCat - 2024

US EPA PESD Division Honor Award - 2022

US EPA Special Service Award: Developing the data and Methods Enabling the Strategic Analysis of the Nation's Surface Waters - 2021

US EPA PESD Division Honor Award - 2019

US EPA PESD Division Honor Award - 2018

US EPA ORD Bronze Medal - 2016

US EPA Office of Water Achievement in Science & Technology Award - 2015

US EPA Western Ecology Division Certificate of Recognition - 2015

US EPA Western Ecology Division Certificate of Recognition - 2013

US EPA PeerOvation Top Innovation Award - 2012

US EPA Office of Water Bronze Medal - 2012

US EPA Office of Water Bronze Medal - 2010

US EPA ORD Exceptional Technical Assistance to Regions / Program Offices Award - 2010

USFS LANDFIRE Program Appreciation Award - 2007

USFS Certificate of Appreciation for Fire history fieldwork - 2005

Open Source Software

StreamCatTools - R package to work with the StreamCat API within R and access the full suite of StreamCat catchment and watershed scale metrics for all NHDPlusV2 stream reaches and catchments.	Author
spsurvey - spsurvey is an R package that implements a design-based approach to statistical inference, with a focus on spatial data.	Co-author
micromap - micromap is an R package for developing small multiple maps with corresponding statistical summaries in R	Co-author
DOI-USGS/nhdplusTools - Manipulating hydrographic data with the NHDPlus data model.	Contributor

Selected Presentations

GIS in Python using Open-Source Python Libraries, presented to the EPA Python Community of Practice - - Virtual — 2024

Using Spatiotemporal Asset Catalogs (STAC) and Cloud Optimized GeoTiffs (COG), presented to the EPA Python Community of Practice - - Virtual — 2024

Development of the StreamCat API, presented to National Montioring Conference - - Virginia Beach, VA — 2023

Using Geospatial Indicators of Watershed Condition to Support Freshwater Conservation Actions - - EPA Watershed Academy Webinar Series — 2022

Invited Presentation for Portland State University: An Overview of Geospatial Work at the US EPA Western Ecology Division Supporting National-Scale Aquatic Condition Assessments and Watershed Health Prediction - - Portland, OR — 2018

Invited Panelist: Advancing US EPA Integration of Environmental and Information Sciences - - Research Triangle Park, NC — 2015

Trainings, Certificates and Courses

GIS for Climate Action - ESRI — 2023

Imagery in Action - ESRI — 2023

Cartography - ESRI — 2021

Spatial Data Science - ESRI — 2020

Pandas Foundations - Data Camp — 2017

Plotly and R Course - Data Camp — 2017

Introduction to Python for Data Science - Data Camp — 2016

SQL and R - Introduction to Database Queries - Statistics.com — 2016

Developing Data Products - Coursera — 2016

The Data Scientist's Toolbox - Coursera — 2016

Exploratory Data Analysis - Coursera — 2015

Visualization in R with ggplot2 - Data Camp — 2012

Introduction to PHP and MySQL - Oregon State University E-Campus — 2008

Introduction to Geoprocessing Scripts Using Python - ESRI — 2008

Introduction to ArcGIS Server - ESRI	2007
Learning Python - Mark Lutz	2007
Learning ArcGIS 9 Spatial Analyst - ESRI	2006
ArcGIS GeoProcessing and the ModelBuilder - Kessler GIS	2006
Skills for the GeoDatabase - Kessler GIS	2006
Working With Rasters in ArcGIS 8 - ESRI	2005
Introduction to SQL - Oregon State University E-Campus	2005
SAS Programming 1 - SAS Institute	2003
