I'm a geographer with the US EPA. My research interests include spatial analysis in R and Python, Geographic Information Science (GIS), aquatic ecology, remote sensing, open source science and environmental modeling.

Employment

- June 2008 - **Geographer, US Environmental Protection Agency, Corvallis, Oregon.**
Present
 - Provide geospatial support for the EPA National Aquatic Resource Surveys (NARS)
 - Develop spatial approaches to produce national predictive models and maps of watershed integrity and aquatic condition
 - Process landscape data for spatial designs and modeling using libraries in Python and R and ArcGIS
 - Generate hydrologic analyses using the National Hydrography Dataset Plus (NHD-Plus) as well as help develop the future direction of the National Hydrography Dataset as part of the interagency 3D Hydrography Working Group
 - Develop national scale geospatial products such as StreamCat and LakeCat - datasets of national scale watershed characteristics
 - Produce R packages such as StreamCatTools and spsurvey for applying data and methods to aquatic resources work
- Jan 2023 - **Instructor, GIS Certificate Program, University of Washington, Seattle,**
Present WA.
 - Instructor for GIS Project Planning course and GIS in the Pacific Northwest course for GIS certificate program
 - Design and deliver lectures focused on project planning for GIS, GIS technology, and trends in the GIS profession
 - Mentor GIS certificate student programs in developing skills to enter the GIS workforce
- June 2005 - **GIS Specialist, U.S. Forest Service, Rocky Mountain Research Station Fire Sciences Lab, Missoula, MT.**
May 2008
 - Worked on the USFS Landfire program on the fire regimes team
 - Ran and modified fire / landscape simulation models (LANDSUM, VDDT)
 - Processed spatial data using scripting languages (Python and AML), and performed advanced spatial analysis on fire and fuels data using SQL, Python, VBA, and R
 - Processed raster data using map algebra for analysis of national fire and fuels mapping products
 - Interacted and worked closely with personnel from partner agencies such as USGS EROS data center and the Nature Conservancy

May 2003 - **Biologist**, U.S. Forest Service, Rocky Mountain Research Station Fire Sciences Lab, Missoula, MT.

- Managed research project examining historical fire regimes in Utah
- Planned and located research plots and gathered field measurements using increment borers, chainsaws, gps units and laser rangefinders
- Applied dendrochronology techniques using software such as COFECHA and FHX2 for dating fire-scarred samples
- Processed, summarized, analyzed data and prepared reports on fire history data collected
- Performed spatial analysis and map production using ArcMap software and AML scripts
- Performed statistical analyses on data using SAS and R

June 2001 - **Ecologist**, U.S. Forest Service, Pacific Northwest Research Station Forestry Sciences Lab, Portland, OR.

- Supervised field crew for the Forest Inventory and Analysis (FIA) program
- Prepared field methods and summarized data
- Performed database development in Access and Oracle of inventory plot data
- Used advanced photo interpretation, plant identification, and forest pathogen identification skills
- Applied expertise with laser rangefinder, GPS, data logger, increment borer, and clinometer
- Prepared plot maps and performed spatial queries using ArcGIS, helped model forest mortality from plot data as part of a pilot study

September **Instructor**, Portland Community College, Portland, OR.

2000 - May 2003 ○ Taught two geography field courses each term, one on Mt. St. Helens and one on the Oregon High Desert

- Delivered day-long courses focusing on geography and natural history of the areas
- Developed course curriculum, supervised approximately 50 community college students on day long field classes, and graded student papers

September **Assistant Editor**, Himalayan Research Bulletin, Portland State University, 1999 - May 1999 - May Portland, OR.

- 2001
- Managed layout and editing of international journal on geographic and cultural research on the Himalayas
 - Performed journal layout using Adobe Pagemaker, Adobe Photoshop, and Adobe Illustrator software
 - Performed general office management tasks such as updating membership, correspondence, billing and mailing

June 1999 - **Research Assistant**, Portland State University Department of Geography, September 1999 - September Portland, OR.

- 1999
- Assisted in research project on tree-islands (kipukas) in lava flows at Newberry Crater National Monument, examining fire history and insect outbreaks
 - Collected tree increment cores, identified plants using plant keys, and measured fuel loading on sample plots

Education

2001 **Portland, OR**, Portland State University, MS in Geography.

- **Advisor:** Dr. Keith Hadley
- **Committee:** Barbara Brower, Andrew Fountain, Peter Frenzen, Robert Tinnin
- **Title:** Patterns in Forest Succession and Mortality Following Burial by Mudflow at Cedar Flats, Mount St. Helens, Washington

1988-1992 **Eugene, OR**, University of Oregon, BA in English.

- Robert D. Clark Honors College
- **Minor:** Environmental Studies

Selected Workshops Taught

September 2024 **R Spatial Data Half-Day Workshop for the EPA R User Group Annual Meeting**, Virtual.

April 2024 **StreamCat and LakeCat: Landscape Characteristics for Rivers and Lakes for the Conterminous US**, Research Triangle Park, NC.

April 2023 **Development of the StreamCat API for the National Monitoring Conference**, Virginia Beach, VA.

September 2018 **R Spatial Workshop for EPA R User Group Annual Meeting**, Virtual.

May 2022 **R and Python Tools for Geospatial Water Applications for the AWRA Spring Specialty Conference**, Austin, TX.

September 2018 **R Spatial Workshop for EPA R User Group Annual Meeting**, Research Triangle Park, NC.

November 2019 **Earth Engine Tutorial for the EPA Pacific Ecological Sciences Division**, Corvallis, OR.

April 2018 **R and Spatial Data for the AWRA Spring Specialty Conference**, Orlando, FL.

April 2017 **R Fundamentals for Spatial Data and Advanced Visualization Techniques**, Portland, OR.

June 2013 **R for Spatial Analysis for the EPA Pacific Ecological Sciences Division**, Newport, OR.

Selected Presentations

- April 2025 **StreamCat 101 Presented to EPA Region 5 and States and Tribes, Virtual.**
- March 2025 **Spatial Hydrologic Data Analysis in R - PNW Tribal Coding Workshop, Olympia, WA.**
- April 2024 **GIS in Python using Open-Source Python Libraries, presented to the EPA Python Community of Practice, Virtual.**
- April 2024 **Developing National Scale Watershed Data Presented to the Annual EPA GIS Workgroup Meeting, Research Triangle Park, NC.**
- April 2024 **Developing a National Aquatic Resource Survey ESRI Hub Site Presented to the Annual EPA GIS Workgroup Meeting, Research Triangle Park, NC.**
- May 2024 **Using Spatiotemporal Asset Catalogs (STAC) and Cloud Optimized GeoTiffs (COG), presented to the EPA Python Community of Practice, Virtual.**
- April 2023 **Development of the StreamCat API, presented to National Monitoring Conference, Virginia Beach, VA.**
- October 2022 **Using Geospatial Indicators of Watershed Condition to Support Freshwater Conservation Actions, EPA Watershed Academy Webinar Series.**
- May 2018 **Invited Presentation for Portland State University: An Overview of Geospatial Work at the US EPA Western Ecology Division Supporting National-Scale Aquatic Condition Assessments and Watershed Health Prediction, Portland, OR.**
- April 2015 **Invited Panelist: Advancing US EPA Integration of Environmental and Information Sciences, Research Triangle Park, NC.**

Awards

- 2025 **US EPA Shooting Star Award.**
- 2024 **US EPA PESD Division Honor Award.**
- 2024 **US EPA Mason Hewitt Award for Excellence in GIS for StreamCat / LakeCat.**
- 2024 **US EPA Shooting Star Award.**
- 2023 **University of Washington Continuum College Team Instructional Excellence Award.**
- 2022 **US EPA PESD Division Honor Award.**
- 2021 **US EPA Special Service Award: Developing the data and Methods Enabling the Strategic Analysis of the Nation's Surface Waters.**
- 2019 **US EPA PESD Division Honor Award.**
- 2018 **US EPA PESD Division Honor Award.**
- 2016 **US EPA ORD Bronze Medal.**
- 2015 **US EPA Office of Water Achievement in Science & Technology Award.**
- 2015 **US EPA Western Ecology Division Certificate of Recognition.**
- 2013 **US EPA Western Ecology Division Certificate of Recognition.**
- 2012 **US EPA PeerOvation Top Innovation Award.**
- 2012 **US EPA Office of Water Bronze Medal.**
- 2010 **US EPA Office of Water Bronze Medal.**
- 2010 **US EPA ORD Exceptional Technical Assistance to Regions / Program Offices Award.**

2007 USFS LANDFIRE Program Appreciation Award.

2005 USFS Certificate of Appreciation for Fire history fieldwork.

Open Source Software

Author	StreamCatTools , <i>R package to work with the StreamCat API within R and access the full suite of StreamCat catchment and watershed scale metrics for all NHDPlusV2 stream reaches and catchments..</i>
Co-author	spsurvey , <i>spsurvey is an R package that implements a design-based approach to statistical inference, with a focus on spatial data..</i>
Co-author	micromap , <i>micromap is an R package for developing small multiple maps with corresponding statistical summaries in R.</i>
Contributor	DOI-USGS/nhdplusTools , <i>Manipulating hydrographic data with the NHD-Plus data model..</i>
